

# EMILY'S NEXT CHAPTER by Ann Schreiber

MADE AVAILABLE BY FOX POINTE PUBLISHING, LLP

**Emily is a writer, a mother, and a woman who knows heartbreak.**

Still healing from her divorce, she's spent the past few years quietly rebuilding her life.

Lucas is a dedicated father and architect who's grown used to solitude after his own marriage ended. His love for his daughter, Lily, remains the anchor that keeps him steady.

When a dating app brings them together, sparks fly—but falling in love later in life comes with its own set of complications. Between careers, kids, and past pain, learning to blend their worlds takes more than chemistry.

Told through alternating perspectives—and love letters written but not always shared—*Emily's Next Chapter* is a tender story about second chances, the quiet work of rebuilding, and the unexpected joy of finding love when you least expect it.

For anyone who's ever wondered if it's too late to start over—this story is for you.
